EM-10S

SINGLE-HEAD ENTRY-LEVEL EMBROIDERY MACHINE
WITH INTUITIVE 10.1" HIGH-DEFINITION TRUE-COLOR TOUCH SCREEN

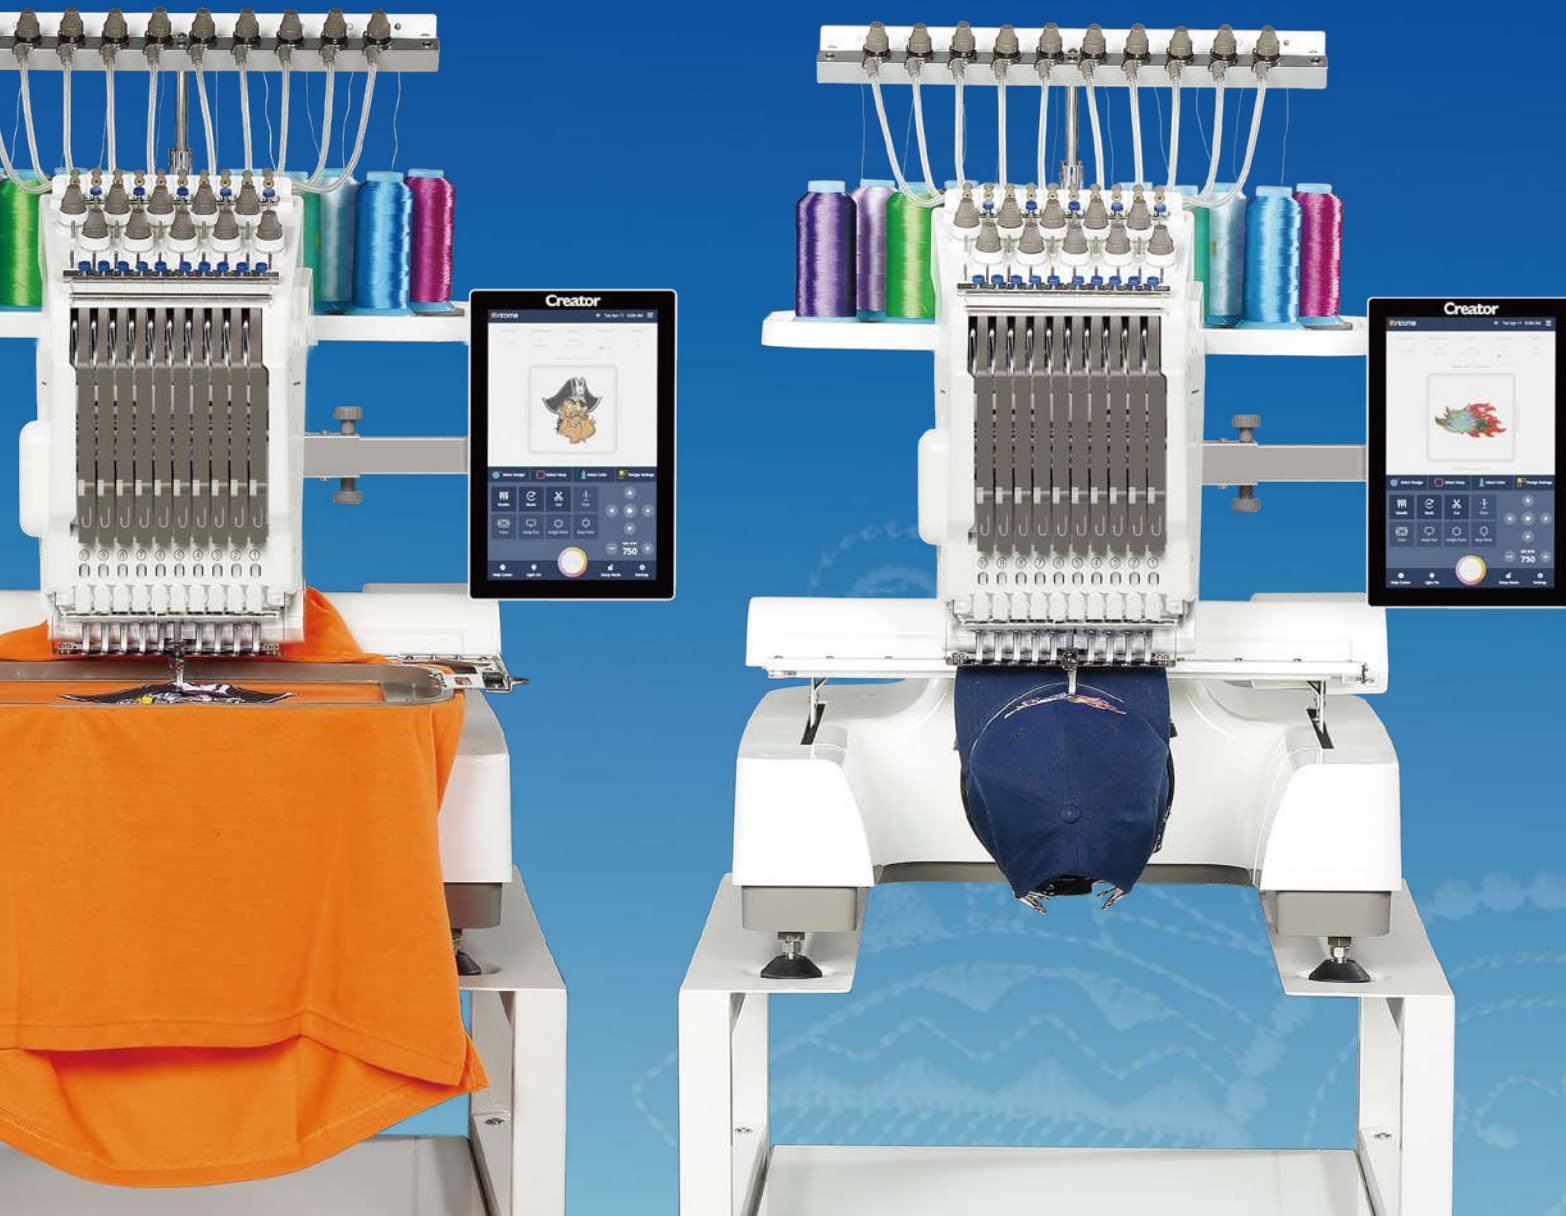

EMBROIDERY MADE EFFORTLESS

THE PERFECT EMBROIDERY MACHINE FOR HOBBYISTS

The EM-10S is the perfect entry-level machine for hobbyists who are new to embroidery or looking to upgrade from a single-needle machine to a semi-commercial multi-needle model.

Equipped with its groundbreaking **Simplexity** technology, made possible by the **latest 10.1-inch control panel**, the EM-10S is specially designed to make machine embroidery incredibly simple and easy to learn.

Not only will you be able to embroider stunning, multi-color designs on a wide variety of garments, but you'll also be able to turn a profit with the EM-10S by creating high-quality custom apparel as an at-home side hustle.

Broaden Your Possibilities

Designed for embroidery beginners, veterans, hobbyists, crafters and home-based entrepreneurs, the EM-10S has all the features to meet all your embroidery needs.

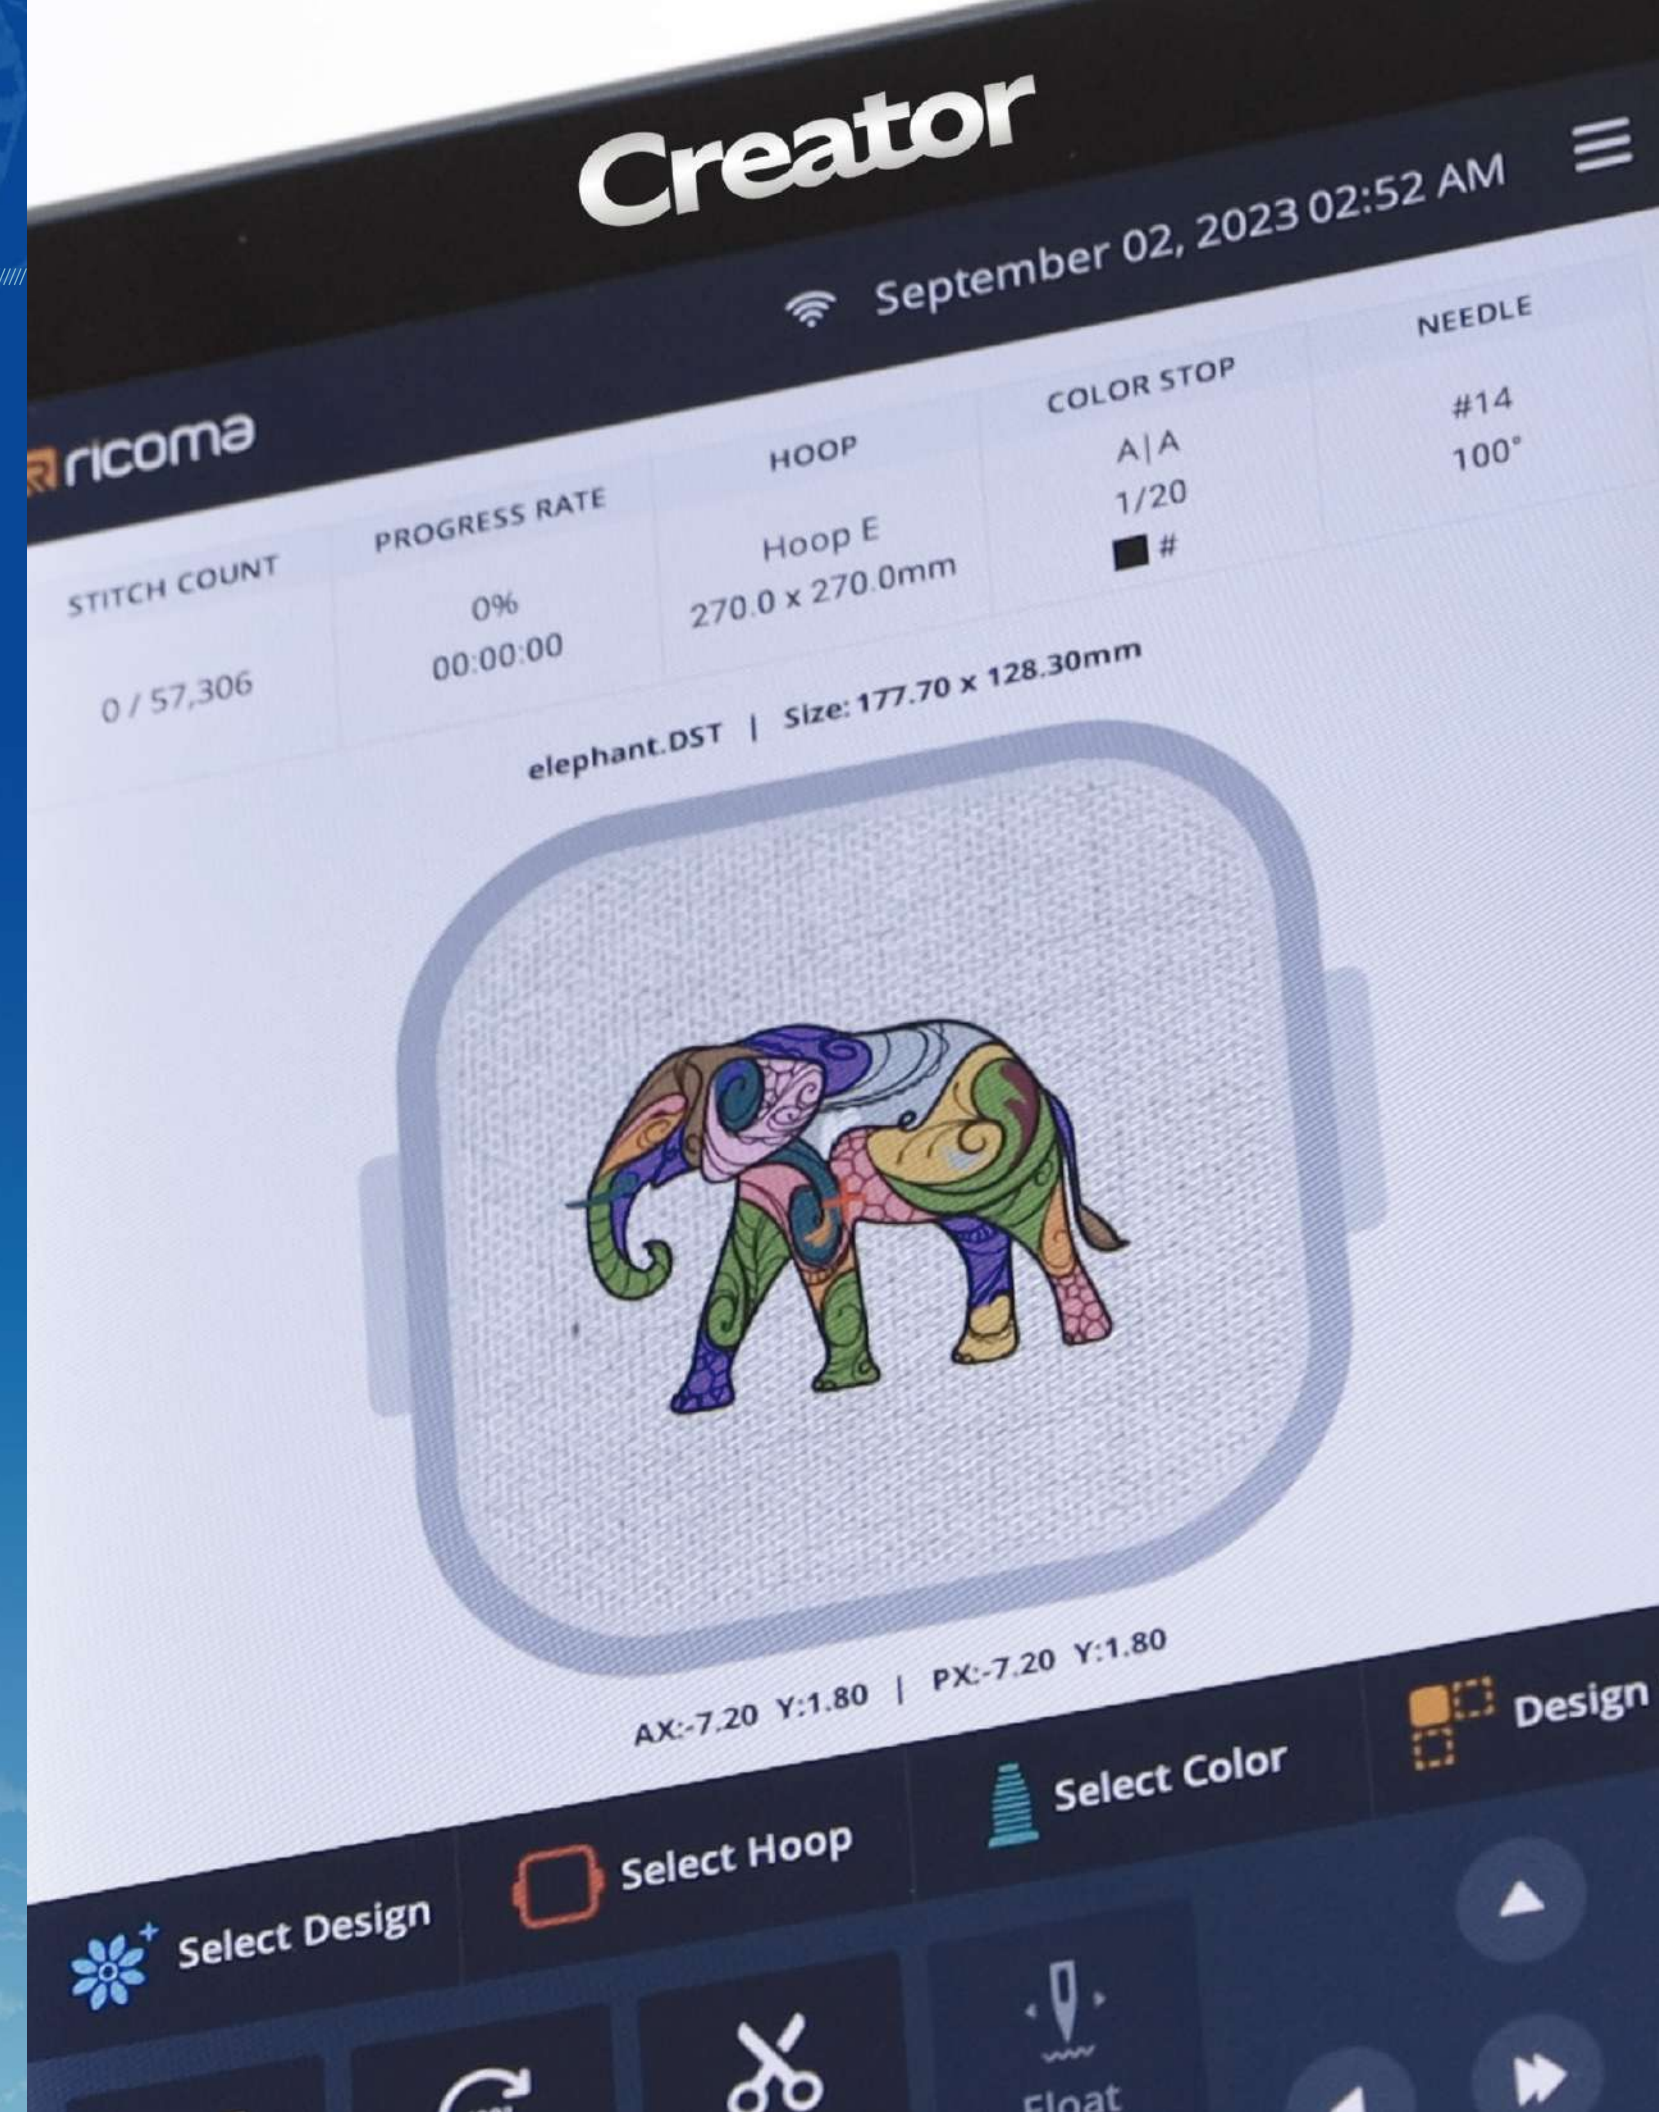

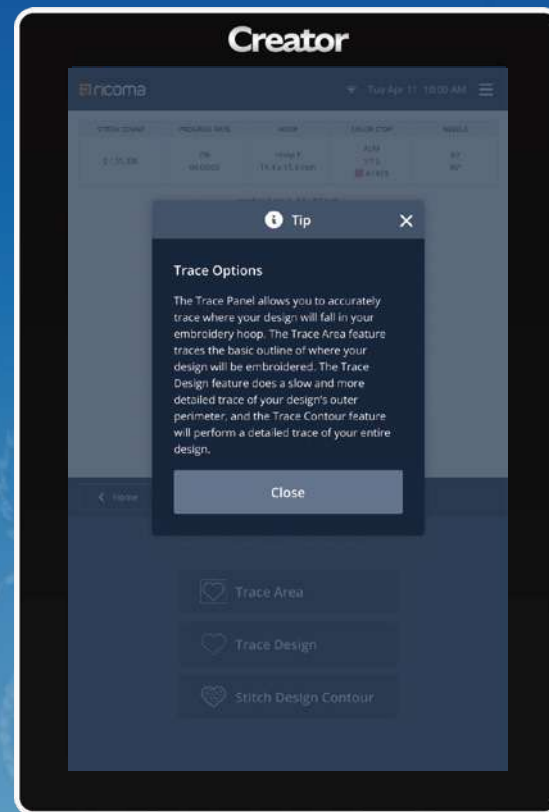

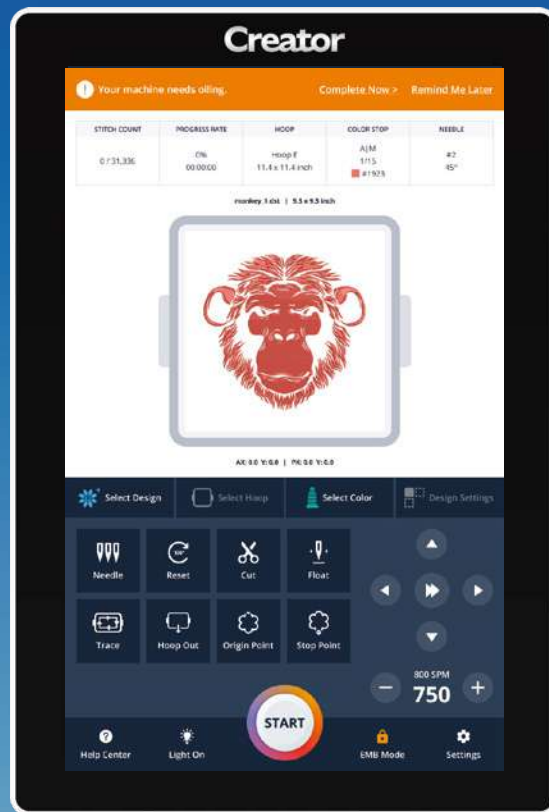

Simplexity TECHNOLOGY

INTRODUCING THE NEWEST 10.1-INCH TOUCHSCREEN PANEL

The 10S model boasts an impressive 10.1-inch touchscreen panel that is intuitive and user-friendly. You'll enjoy the convenience of **its simple user interface** which makes it incredibly easy to navigate the machine's numerous functions and tools.

Powered by its innovative **Simplexity technology**, the 10S panel has a built-in **Tool Tips function** and a help center to provide an explanation of the selected option on the screen. Knowing what a specific tool does is an excellent way to quickly learn about your machine's capabilities, prevent user errors, and create an efficient workflow.

Additionally, the new **maintenance alert feature** does the thinking for you to remind you when basic maintenance needs to be done on your machine to reduce the learning curve and help your machine run smoothly.

MAIN FEATURES

The EM-10S is a sleek and easy-to-use machine that still has industrial capabilities for anyone just getting into embroidery.

- Suitable for embroidery on flats, caps, finished garments and more!
- High-Definition True-Color 10.1-inch LCD Touch Screen
- Maximum speed: 1000 SPM
- Maximum embroidery area: 380 x 210 mm or 15 x 8.3 in
- Multiple hoop sizes for a variety of embroidery needs
- 220-degree wide angle cap system
- Improved design allows for cap embroidery closer to the cap brim (18 mm)
- Large memory capacity: 100 million stitches or 1000 designs
- Maximum of 1000 automatic color changes
- Automatic memory retention
- Machine reads multiple design formats such as DST, DSB, TBF and more
- Frame offset and frame outlining are available for easy appliqué embroidery
- Smaller sewing arm greatly improves the performance of cap embroidery and embroidery on small items

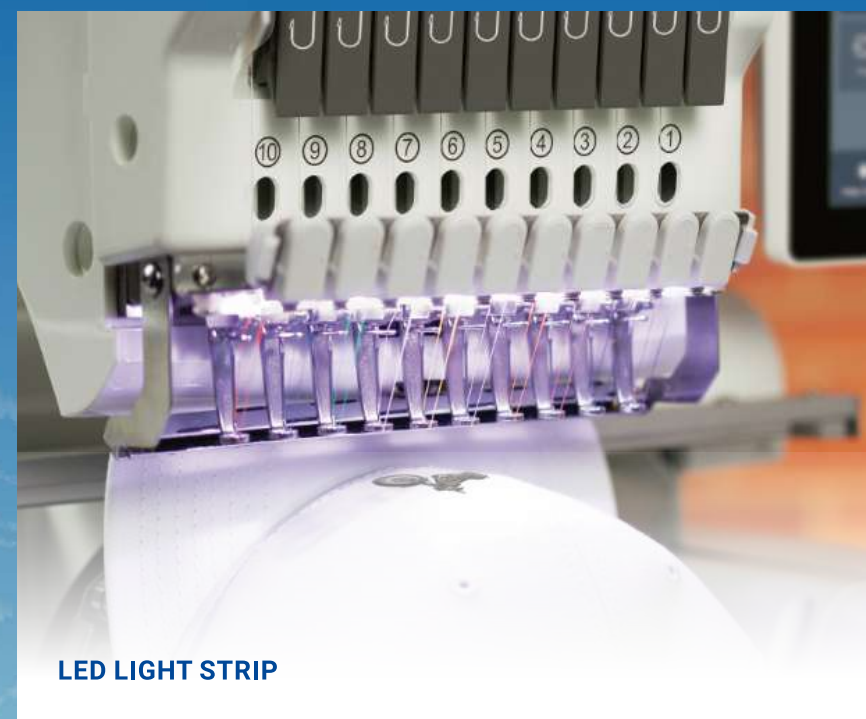

10.1-INCH USER-FRIENDLY TOUCH SCREEN PANEL

MAX OF 1000 AUTOMATIC COLOR CHANGES!

ADJUSTABLE CONTROL PANEL

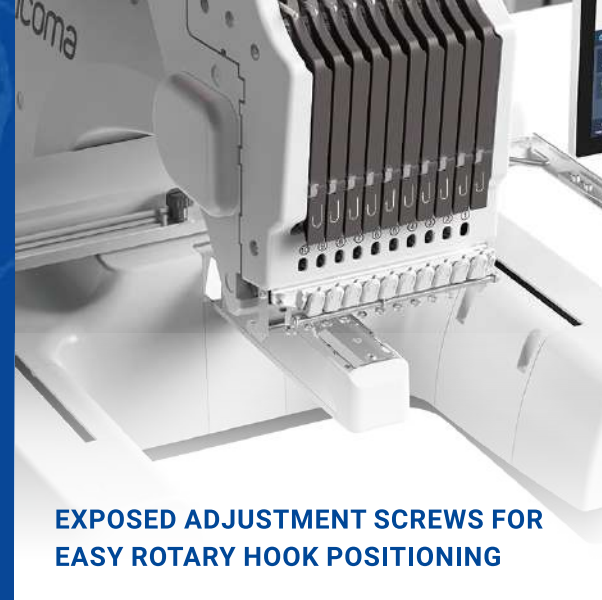

LED LIGHT STRIP

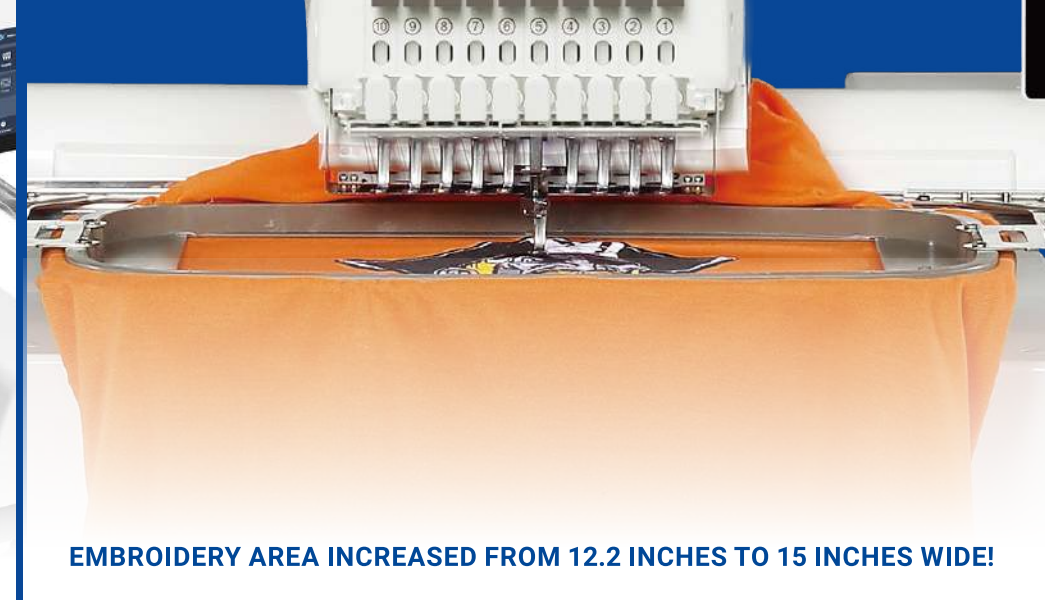

MACHINE OILING MADE EASY! SIMPLY DROP LUBRICANT IN THE OIL INLETS

MAIN FEATURES (CONT'D)

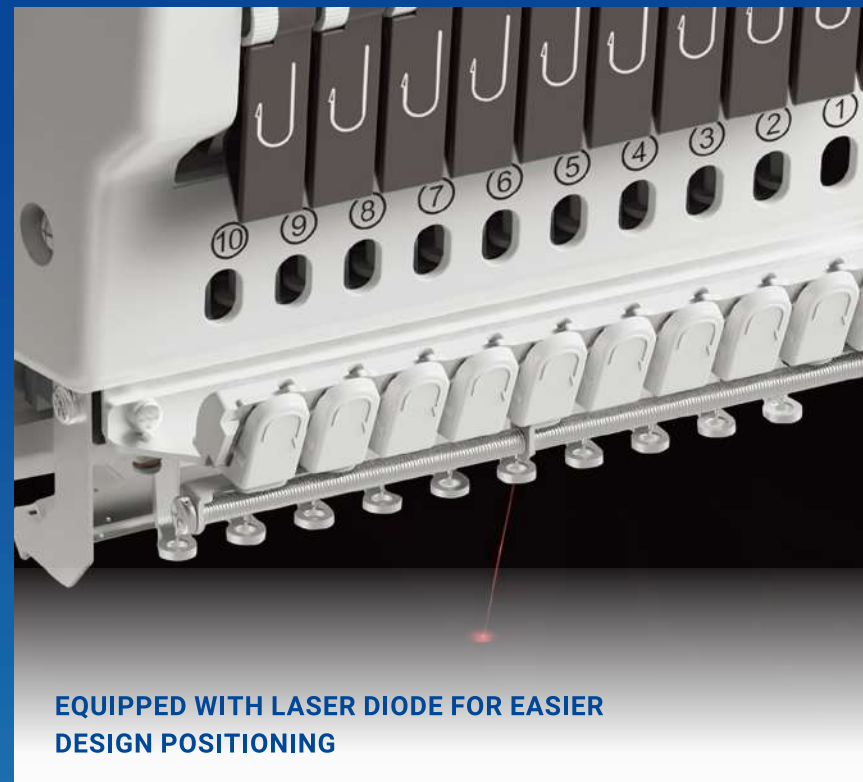

- Double LED lights for a wider field of view
- Front LED lamp provides better visibility and protection for eyes against strong light during threading
- Easy-to-adjust presser foot
- Improved needle plate for more precise stitching
- Easily change the rotary hook with the new larger clamp-on, screwless, rotary hook cover.
- External 100-degree button and trimming button
- Heavy-duty steel stand with wheels for both stability and mobility
- Automatic thread trimmer
- Networkable – USB input or direct transmission from PC via LAN port
- Design transfer via Wi-Fi from Chroma software to 10S panel
- Adjustable control panel positioning for better visibility and comfort
- Adjust thread tension on each needle independently
- Able to adjust thread tension conveniently from the exterior of the machine
- Built-in 172-degree and 196-degree keys for easy machine maintenance
- Built-in laser device
- Recessed USB port to protect USB flash drive
- Thread break detection
- Advanced simple oiling process
- Equipped with a 4 x 8 mm laser diode, allowing you better position your embroidery design
- Environmentally friendly packaging
- Built-in universal power supply, 100V/60Hz self-adaptable worldwide
- DC36V micro-step motor for X and Y axis driving to ensure low noise and less vibration
- Slim machine width allows for easy entry through standard-sized doors
- Lightweight – only 48 kilograms (105.8 pounds) for easy maneuverability
- Multiple languages: English Chinese and Spanish

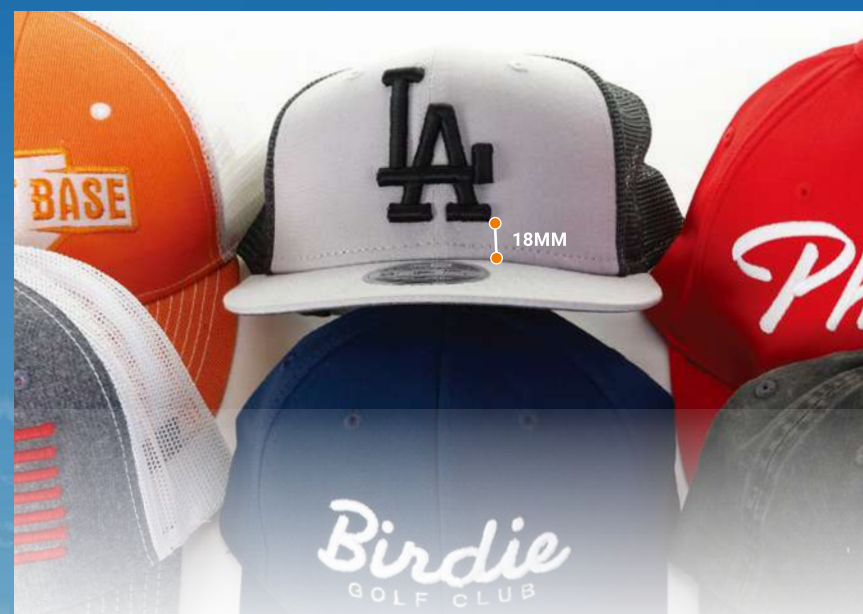

EXPOSED ADJUSTMENT SCREWS FOR EASY ROTARY HOOK POSITIONING

EMBROIDERY AREA INCREASED FROM 12.2 INCHES TO 15 INCHES WIDE!

EQUIPPED WITH LASER DIODE FOR EASIER DESIGN POSITIONING

EMBROIDER CLOSER TO THE CAP BRIM FOR MORE PRECISE PLACEMENT

EASILY CHANGE EMBROIDERY FRAME HOLDER WITH ERGONOMICALLY DESIGNED KNOBS

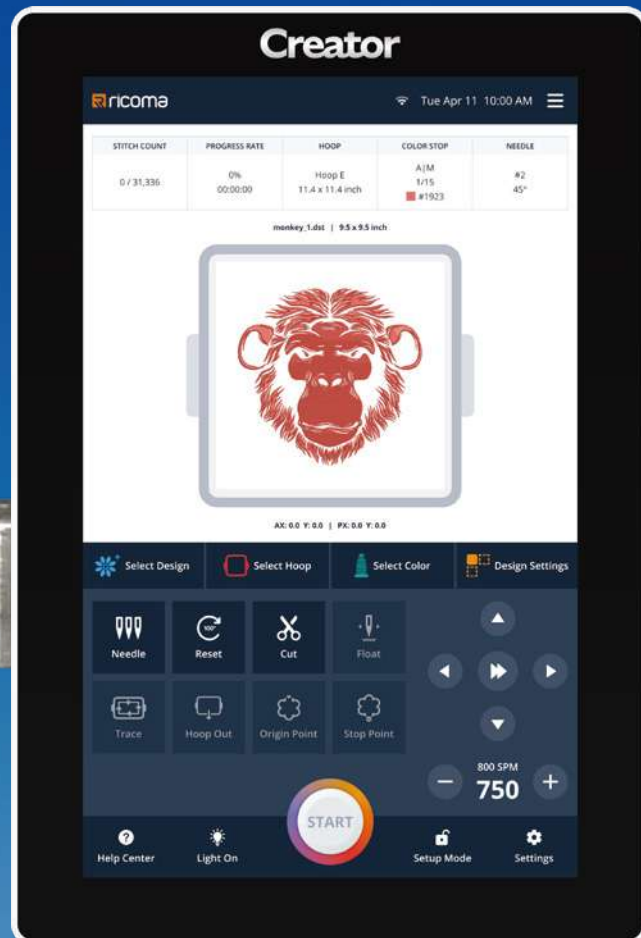

A 10-NEEDLE SOLUTION FOR BEGINNERS

HOOPS & CAP ATTACHMENTS

A RANGE OF HOOP SIZES AND SASH FRAMES TO KICKSTART ANY EMBROIDERY SHOP

The EM-10S comes with everything you need to embroider just about any item so that you can take on a range of projects. Each machine includes a variety of hoop sizes for embroidering small designs like left-chest logos and large designs on bags, towels and more.

Hoop A

x1

70 x 50 mm (2.8 x 2 in)

Hoop B

x1

110 x 110 mm (4.3 x 4.3 in)

Hoop C

x1

190 x 140 mm (7.5 x 5.5 in)

Hoop D

x1

310 x 210 mm (12.2 x 8.3 in)

Hoop E

x1

380 x 210 mm (15 x 8.3 in)

CAP ATTACHMENTS INCLUDED

With the included cap attachments, you can embroider a variety of cap styles. Each EM-10S machine comes with a hoop station, cap rings and cap driver(s) for all of your cap embroidery needs.

Cap Rings

x2

Cap rings snap into the hoop station to prepare the machine for cap embroidery

Hoop Station

x1

Hoop station provides stability for fast and easy cap hooping

Cap Driver

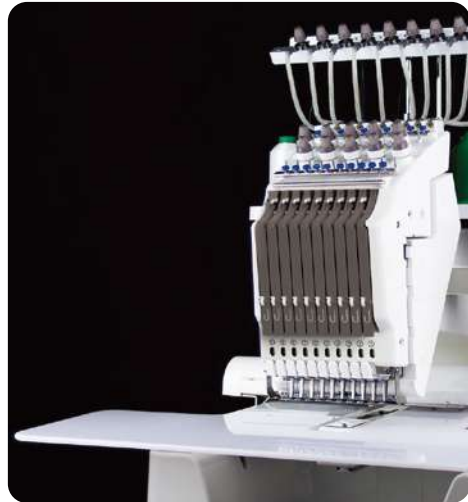

x1

Cap driver snaps into the embroidery machine's bracket holder for hoops

ADDITIONAL ADD-ONS

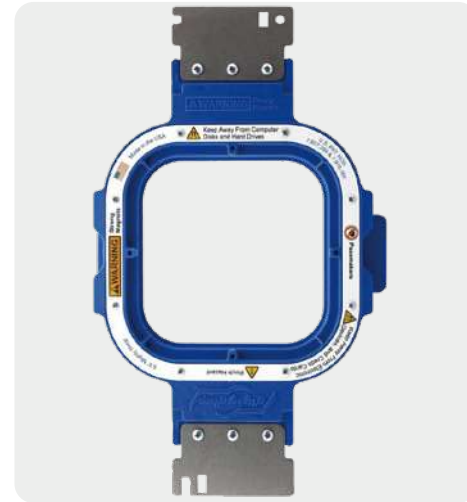

OPTIONAL ACCESSORIES

Flat Embroidery Table W-1208
310 x 210 mm (12.2 x 8.3 in)
 Reduce thread breaks and increase efficiency with the EM-10S table, which grants additional support below the hoop.

Boring Needle
 This specifically designed needle creates intricate embroidery by piercing the fabric, cutting it into various shapes, and leaving holes in the item.

Mighty Hoop Magnetic Hoops
 This magnetic hoop is coveted by even the most experienced embroiderers because it makes hooping any type of flat garment easier than ever.

8-in-1 Hoopset (8D-3)
 This hoopset is designed for difficult-to-hoop items such as shirt pockets, socks, backs of caps, shirt sleeves, collar tips and more.

Belt Hoop (BH-3)
 With an 8-inch x 4-inch embroidery area, the belt hoop allows ample room for embroidery on belts and straps.

*For a list of all compatible devices, contact a product specialist.

STARTUP PACKAGE

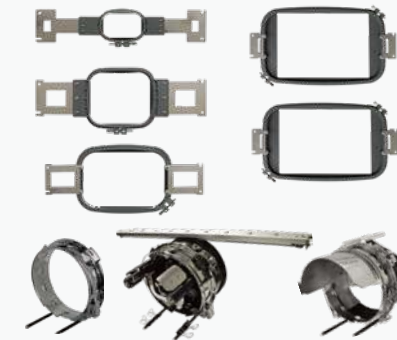

EQUIPPED WITH ALL THE ATTACHMENTS TO HELP BEGINNERS GET STARTED RIGHT AWAY

The EM-10S comes fully equipped with all the attachments to embroider on caps, flats, finished garments and more. Designed for embroidery beginners, hobbyists, crafters and small up-start businesses, the EM-10S is the perfect machine to launch your embroidery journey.
